'Rewriting History' - a powerful documentary about the rewriting of the history of the Holocaust in contemporary Lithuania, the emergence of 'double genocide' in the EU and the concomitant rise of antisemitism in Lithuania and Eastern Europe, including investigating Holocaust survivor partisans for war crimes. Has a positive outlook fitting for the end of Tisha B'Av.

After the film, Rabbi Black will speak:

'NACHEM - the unique Tisha B'Av Mincha Prayer - What's it all about?'
